3 **Circle the right option in this dialogue.**

John: Hi Emma! What brings you to the hospital?
Emma: I've been feeling under the weather, and I think that I've caught a cold.
John: Oh no! You **(could / should / might)** get some rest and see a doctor soon.
Emma: I already visited the doctor. He said that I **(should have / could have / might have)** taken better care of myself and followed his advice earlier.
John: Remember, taking care of yourself is important.
Emma: I know, but I've been so busy. There are some medicines at home. You **(needn't / don't have to / mustn't)** buy any more.
John: You **(had better / should / might)** avoid crowded places while you're recovering. It's best to stay away from germs.
Emma: Yes, I understand. I **(may / might / should)** return to work next week, but I need to see how I feel.
John: After working long hours, you **(must / should / had better)** be feeling exhausted. It's important to rest.
Emma: Absolutely. Thanks for the advice. **(May / Might / Can)** I ask you for a favor?
John: Sure, what do you need?
