On the peaceful farm, a variety of animals coexist harmoniously. The (1) graze leisurely in the wide, green pastures, providing fresh milk daily. Nearby, (2) cluck and scratch at the ground, laying eggs in their cozy coop. 3)..... wallow contentedly in the mud, while (4) with their fluffy wool wander in flocks. (5) , strong and majestic, trot around the fields, ready for a ride or a day's work. Together, these animals contribute to the vibrant life of the farm, each playing a vital role in its daily rhythm.
